

I imagine if you haven't hired professional entertainment before, this process may be a bit confusing.

Now, our entertainment company may be the first one that you have come across. Or, you may already have started shopping before you arrived here.

If so, I imagine you have seen clown packages, magician packages, light show packages, party rental items...and, the list continues.

I imagine if you are not a talent agent, the choices might get confusing. And, I know how you feel. I felt the same way when I went to shop for a laptop computer. And, you know what I found?

I found that having an expert there to help me made all the difference in the world.

And, my hope is that I can do the same for you because...**I am an expert in the area of event design and entertainment.**

In order to provide you with the look and feel you are seeking for **your event**, I need some critical information from you. And, depending on your answers, I'll be able to help guide you to the particular form of entertainment that will **be the best for you.**

What is the best fit for you?

That is "**what needs to occur in order to give you the biggest smile.**" And, that's going to require getting to know you and your desires. Once that happens, we can start painting a very clear picture of **your vision** of the event.

Now, I'm not here to give you a sales pitch. For me, I really don't like people trying to sell me things I don't need or don't want. And, that's all the more reason I need to know what you most want.

We need to find out what is going to put the biggest smile on your face.

So, if you're ready to see what **your event** can be, it's time to make that phone call and schedule a time for us to get acquainted - over the phone or face to face, **you choose.**

And, if for some reason we don't click, we can put you in direct contact with another industry professional that may be a better fit.

This may sound too good to be true. But, it isn't, it's a great opportunity for you.

Our number is 815-582-3282. I'm looking forward to talking with you.

Warmest wishes and best regards,
